SPAN OF CONTROL

The HRF is doctrinally tasked to report to a JTF-State Command during an emergency response. The JTF can then further assign the HRF in support of a civilian ICS structure as needed (Area or Incident CMD).

Mission Ready Packages

YOUR INPUT

OUR OUTPUT

- **Modular, customized, capability teams and equipment ready to meet specific incident needs with improved response time**
- 14 currently published, continuously expanding to include all guard capabilities
- Current MRPs are Homeland Response Force encompassing
