November 20, 2018

TO: Executive Management Team
FROM: Major General Bret D. Daugherty
The Adjutant General
SUBJECT: Rescission of Department Policy

A handwritten signature in black ink that reads "Bret D. Daugherty".

Effective immediately, the following Military Department policy is rescinded:

Unified Policy 10-06, Washington State Legislative Tracking, Bill Analysis and Fiscal Note Development, relating to the roles and responsibilities for staff who participate in Washington State legislative tracking, bill analysis, and fiscal note development.

- This policy has been rendered ineffective due to the ever-changing nature of legislative tracking and analysis systems used, process changes from year to year, and the lack of need for a department policy on this subject.
