Location:	194th Intelligence Squadron Camp Murray, WA	AFSC:	3D172
Opening Date:	4 February 2020	Closing Date:	28 February 2020

WHO CAN APPLY

****ONLY Permanent Technician with the 194th Intelligence Squadron****

INITIAL ELIGIBILITY CRITERIA

The following criteria must be met as of closeout date of this announcement, (unless otherwise noted), to be considered:

- Applicant must currently hold a minimum 5-level in 3D1X2
- Must hold a current grade of E-6
- Meet ANG fitness standards IAW AFI 36-2905 with a score of 75 or above (*applies only to current members of the USAF, USAFR or ANG*)
- Possess or be able to obtain a **TOP SECRET** security clearance

SUMMARY OF DUTIES

Serves as a technical expert and focal point for the installation and configuration of hardware and software on computers and data associated with assigned systems. Develops, modifies, and tests overall system backup and recovery strategies for assigned systems. Serves as a systems administrator responsible for planning, coordinating, modifying, implementing, and troubleshooting in order to meet customer needs to include the administration of all systems pertaining to associated hardware platforms, software applications and numerous interfaces included in the Local Area Network (LAN). Determines equipment and communications requirements and interfaces with other systems. Evaluates machine usage and develops plans for the necessary acquisition to support future hardware and software requirements. Analyzes, evaluates, and recommends hardware/software changes to various computer systems. Considers factors such as compatibility with standard systems, conversion or implementation costs, and impact on existing equipment. Installs, configures and tests products and equipment being reviewed. Develops guidelines and standard operating procedures (SOPs), regarding the operation/use of assigned C4 systems, services, and activities. Analyzes policies, regulations, and system provisions governing standard operating systems and provides advisory services to users. Implements systems software changes, operating system releases and maintains the operational status of systems. Coordinates with system developers resolving hardware and/or software malfunctions. Additional responsibilities include the configuring and daily operation of Cryptographic equipment and Quality Assurance

Washington Air National Guard

Active Guard Reserve (AGR) Announcement

responsibilities. ***In accordance with the Defense Intelligence Agency (IC Tech Spec-for ICD/ICS 705), incumbent must be able to perform rotational on-call duties in response to after duty alarm conditions at the secure work center. Specifically, incumbent or authorized representative must be able to report within one hour of notification, to conduct internal inspection of the facility, determine probable cause of the alarm activation, and reset the intrusion detection system.***

ELEMENTS

The following elements are considered essential for successful performance in this position. Response to the Elements is voluntary, however written response to each of the following Elements will ensure that specialized experience is recognized.

- **Knowledge of fundamentals of electronics, computer networks and digital theory**
- **Knowledge of network security and cryptographic equipment configurations**
- **Knowledge of communication and switching systems principles of operation and technologies**
- **Technical skills to perform installing, troubleshooting, repairing and/or modifying communication-computer systems**
- **Knowledge of EIA/TIA cabling standards and of UNIX, Linux, and Windows operating systems**

ADDITIONAL INFORMATION

- New AGR's will be placed on a 2-3 year probationary tour. Continuation orders will be issued through a tour renewal request or an AGR Continuation, as applicable.
- Equal Employment Opportunity: The Washington National Guard is an equal opportunity employer. Selection for this position will be made without regard to race, religion, national origin, gender, marital status or political affiliation.
- Enlistment/Appointment in the Washington Air National Guard is a condition for retention in the AGR program.
- Potential for promotion in the position is conditional upon assignment to the appropriate UMD grade, compliance with ANGI 36-101 grade compatibility requirements and, if applicable, the availability of an AGR control grade. Selection for the position at a higher grade does not automatically constitute the immediate availability of an AGR control grade required for promotion to the higher grade.
- The process of applying and being nominated does not constitute final selection for nor guarantee this position. Applicants are strongly advised not to make arrangements to move or change jobs until notified of final selection by the Adjutant General of the State of Washington or designated representative.
- Applicants should be able to complete 20 years of active federal service prior to Mandatory Separation Date (MSD) for officers, age 60 for enlisted. If unable to meet this requirement a statement of understanding must be completed prior to start date.
- Military grade cannot exceed the maximum military grade authorized. A member who is overgrade must indicate, in writing, a willingness to be administratively reduced in grade when assigned.
- Point of Contact for general AGR announcements:
SMSgt Moore, AGR Manager for Air (253) 512-8347, DSN 323-8347
