Purpose

To establish the Washington Military Department’s (WMD) policy for use, control, tracking, and authorized purchases for Purchase Cards (Credit Cards).
Scope

This policy applies to all state employees of the WMD, including Washington Army and Air National Guard members on State Active Duty (SAD), and any federal employee of the WMD who is issued or uses a state purchase card.

Policy

1. **Overview:** The WMD’s Purchase Card Program provides a secure, efficient, convenient, and traceable method for paying for goods and services. Employees who use a state purchase card are responsible for ensuring all purchases are in accordance with state procurement and ethics laws and with DES and WMD policies.

2. **Misuse of the Purchase Card** may include revocation of division or individual Purchasing Card privileges and may result in corrective or disciplinary action up to and including dismissal from the agency. Any known or suspected loss of public funds or assets or other illegal activity regarding purchase card use will be reported to the State Auditor’s Office.

3. **The following items may not be purchased using a state purchase card:**
   a. Cash advances.
   b. Items purchased for personal use.
   c. Purchase of materials or services from any family member of the Designated Card User or Card Custodian.
   d. Purchasing of any good or service from an alternate vendor (direct buy) when the item is available on a state master contract; the state master contract or convenience contract must be used whenever one is available.
   e. Purchase of airfare or rental car.
   f. Gifts or donations of a personal nature. (Does not preclude the purchase of business-related gifts within legal limits.)
   g. Purchases in excess of limits authorized for the card.
   h. Purchases that exceed the state’s direct buy spending limits, including splitting purchases to circumvent the daily or monthly purchase limits on a card, or to avoid competitive bidding limits or purchase authority limits.
   i. Purchase of alcoholic beverages or tobacco products.
   j. Purchase from any merchant for goods or services considered inappropriate use of state funds, i.e. casinos, adult entertainment centers, etc.

4. **Procurement Limits**

   Card users are responsible for determining the appropriate type of procurement and ensuring that all purchases comply with applicable state and federal laws, including state
procurement laws, state ethics laws, Department of Enterprise Services (DES) procurement policy, WMD procurement policy and procedures, and the State Administrative and Accounting Manual (SAAM). Specific types of legal procurements are further defined in WMD and DES policy, and include:

a. Competitive procurements
b. Procurements using a master contract
c. Direct buy procurements
d. Sole source procurements
e. Emergency procurements

Sales tax must be paid on all applicable purchases, including for SAD purchases.

5. **Security**
   a. Each Card Custodian and Designated Card User is responsible for the security of the Purchase Card(s). Card Custodians and Designated Card Users should ensure that the Purchase Card, when not in use, is in a secure location. Purchase Card account numbers must also be safeguarded.
   
   b. Purchase Card Abuse: If misuse or fraudulent activity occurs, the Approving Manager will report questionable charges or suspected fraudulent use to the Agency Credit Card Administrator. The Agency Credit Card Administrator, in consultation with the CFO and Human Resources Director, is responsible for ensuring appropriate corrective action is taken and that the corrective action is consistent with applicable personnel policies.
   
   c. Suspected and Known Fraudulent Misuse: Per State Law (RCW 43.09.185) the agency is required to immediately report to the State Auditor’s Office any known or suspected losses of public funds or assets or other illegal activity regarding purchase card use even if the credit card company reverses the fraudulent charges. Reporting shall be conducted by the Chief Financial Officer.
   
   d. Lost/Stolen Cards: Card Custodians must report lost or stolen cards to the Agency Credit Card Administrator within 24 hours or the next duty day upon discovery of the loss. The Agency Credit Card Administrator will notify the card provider’s customer service center (1-800-344-5696).
   
   e. Disputed Items: If the Accounts Payable accountant (after consultation with the Card Custodian) determines a charge on the monthly statement is unauthorized or incorrect, they will contact the purchase card provider or merchant, as appropriate, and place the item(s) in dispute. Disputed items will be documented in writing, investigated, and resolved within 60 days, or as soon as possible, from discovery of the charge or from the first statement on which the disputed charge appears. Documentation on any disputed items must be submitted to Accounts Payable with the monthly reconciliation.
Procedures

1. **How to Make a Purchase:** Employee must be familiar with all Department and State procurement policies and ensure the purchase is allowable. If unsure, contact the Agency Credit Card Administrator or the Contracts and Procurement Administrator for guidance. Items purchased online must be completed through a secure website only. Secure websites are identified as those starting with https://.

   Employee identifies need for goods or services and selects a legal method of procurement. If the good or service is to be paid for using a credit card, the Designated Card User requests the Purchase Card from the Card Custodian, and completes the State Purchase Card Log.

   The Designated Card User or Card Custodian may then use the purchase card to pay for the goods or services. Upon completion of the transaction, the Designated Card User returns the card to the Card Custodian. The Card Custodian is responsible for ensuring the purchaser provides the receipt with line item detail and any other backup documentation as required into a monthly transaction file.

2. **Online Transaction Log:** The online transaction log can be found at the issuing bank’s website and is used to document each purchase and specify the accounting information that is pertinent to each transaction. This log must be completed and turned in to Accounts Payable each calendar month.

3. **State Purchase Card Log:** The State Purchase Card Log must be maintained by the Card Custodian. Each time the card is issued to a Designated Card User, all required information must be entered into the State Purchase Card Log (WMD Form 1001-10). This log must be completed and turned in to Accounts Payable with the online transaction log each month.

4. **During State Active Duty (SAD) Activation:** All purchases supporting a SAD activation must be preapproved by the Joint Operations Center (JOC). The purchases are logged and given an authorization number. At the end of the SAD activation the JOC is responsible for turning in all logs, supporting documentation and original receipts to Finance.

   Any purchase from an individual vendor for more than $10,000 (excluding sales tax) must be reported to the Contracts and Procurement Administrator immediately for reporting to the Department of Enterprise Services (DES) within three days to comply with the state’s emergency purchase requirements.

5. **Monthly Reconciliation:** On a monthly basis, the Card Custodian must submit a copy of the State Purchase Card Log, the online transaction log, and all original receipts to the Accounts Payable department no later than the 21st of the month. Failure to send required documentation in a timely manner may lead to revocation of the card.
Accounts Payable will review the documentation and ensure that all documentation has been submitted. If discrepancies are found, Accounts Payable will contact the Card Custodian for additional information. If resolution has not occurred within five (5) working days, Accounts Payable will contact the Deputy CFO for follow up on the issue.

Any missing or lost receipt will require a missing receipt affidavit.

6. How to Request a Purchase Card
   a. Contact the Agency Credit Card Administrator in writing to request a purchase card.
   b. The Agency Credit Card Administrator will consult with the requester to determine the right kind of credit card (purchase card or travel card), determine an appropriate credit limit, and identify an appropriate Card Custodian and Approving Manager. The Agency Credit Card Administrator will verify that the card requester has completed the required online training, obtain the Adjutant General’s written designation of the user as an “agent of the state” if the user is a federal employee, and approve or deny the request and notify the Accounts Payable Accountant of the request in writing.
   c. The Accounts Payable Accountant will contact the agency’s bank to order the purchase card.
   d. Once the card is received, the Agency Credit Card Administrator will confirm the requestor is aware of the requirements for proper use of the purchase card as explained in this policy and in state law, and obtain signed copies of the required forms (Attachments A through D). The Agency Credit Card Administrator will add the card number, card custodian, and approving manager to the credit card log, and give the card to the card custodian.
   e. The Accounts Payable Accountant will provide or update the employee access to the account information through the bank website.

7. Required Procurement Training

and Light Refreshments and Meals with Meetings”. A pre-approved WMD Form 1008-13 Coffee and Light Refreshments or Meals with Meetings must accompany the credit card receipt and log.
