

WA-PAWS- Tab F3	ETRS EAS Test Reporting System	6.11.20
-----------------	---	---------

The ETRS is the online system in which EAS Participants must, annually, file specific information with the FCC that will confirm the reception of the annual National Periodic Test (NPT) including information as to how the recipient receives the test message.

Participants are urged to carefully review the contents of the following site for additional, detailed, information:

<https://www.fcc.gov/general/eas-test-reporting-system>

Note –

The date of the NPT varies, as do specifics regarding reporting requirements. Participants are urged to carefully research the matter prior to the announced date for the NPT so as to be fully prepared regarding the filing requirements.
