POSITION VACANCY ANNOUNCEMENT
194th MEDICAL GROUP, WA ANG
DSG ANNOUNCEMENT #20-40

WASHINGTON AIR NATIONAL GUARD	OPENING DATE:	CLOSING DATE:	POSITION #
194th Medical Group Camp Murray, WA	8 Sep 2020	23 Sep 2020	0106480534
POSITION TITLE, GRADE, AFSC:			
- Aerospace Medical Services Apprentice, GRADE: TSgt to MSgt. AFSC: 4N071			
MINIMUM REQUIREMENTS FOR CONSIDERATION:			
1. Must have a minimum score of 75 on a current AF Physical Fitness Assessment. 2. Must have a minimum of four years retainability from the date of validation. 3. Applicant may be any AFSC; member's PAFSC must be compatible with the grade authorized. 4. Minimum grade for this position is E-6, TSgt.			
SPECIALIZED EXPERIENCE:			
Ability to speak distinctly and comfortably in front of large groups. Ability to work with a team of motivated, like-minded, individuals. Knowledge of and experience in the Air National Guard and Air Force leadership and management concepts, practices and objectives.			
OTHER REQUIREMENTS:			
- Must be able to acquire or possess and maintain a SECRET security clearance. Must possess a valid Driver's License to meet deployment requirements. - Must set an example in terms of compliance with Dress and Personal Appearance, ANG Fitness Program, and PME requirements. - Members must be able to meet the travel requirements of this position, as well as performing additional planning days required by the Commander. Member is expected to attend all RSD weekends, additional pre-RSD training events, Annual Field Training, site visits, and remain eligible for World Wide Deployments.			
AREA OF CONSIDERATION:			
- All members of the Washington Air National Guard in any AFSC.			
WORKING CONDITIONS:			
- This is a mobility position and as such candidate will maintain personal readiness and comply with all mobility training and other requirements. Normal duties will be in an office but does not preclude duties to be performed in field training environments.			
SUMMARY OF DUTIES:			
- Supervises personnel, conducts training, and creates duty schedules. Schedules and/or conducts in-service training on procedures, techniques, and equipment. Schedules and/or conducts periodic disaster training and evacuation procedures. Provides training to medical and non-medical personnel; training may include, but not limited to, areas such as Emergency Medical Technician (EMT), Trauma Combat Casualty Care (TCCC), required Basic Life Support (BLS) and Advanced Life Support (ALS) training. Participates in contingency or disaster field training, exercises, and deployments. - A Front-line preventionist who identifies potential health risks and provides preventative counseling. Monitors and records physiological measurements and lab results. Disposes of medical waste. Maintains inpatient and outpatient medical records. Screens medical records for deployability and other			

medical administrative requirements. Prepares and submits administrative reports. Manages supplies and equipment, submits and executes budgets.

- Supports flight surgeon to develop flying safety and deployment briefings. Assists healthcare provider teams with interpretation and application of medical standards to determine medical qualifications for occupational duty, worldwide duty, special operation duty, mobility status, flying status, special duty, security clearance, professional military education (PME), retraining, commissioning, and transition to Air Force Reserves or Air National Guard. Provides administrative management of duty limiting conditions reports. Assists with oversight of waiver management utilizing the Aircrew Information Management Waiver Tracking System (AIMWTS). Maintains grounding management on all aircrew assigned utilizing the Aeromedical Services Information Management Systems (ASIMS). Performs the paraprofessional portion of initial flying class III/special operational duty (SOD) physicals. Conducts clinical entries for data into the Physical Examination Processing Program (PEPP) and manages physical until completion. Performs preventive health assessment (PHA) physicals for flying status and non-flying status personnel and updates results of required tests and examinations into ASIMS. Performs paraprofessional portions of preventative health assessments and physical examinations. Initiates, tracks, and submits Line of Duty (LOD) documents, both Duty and Non-Duty Disability Evaluation System (DES) cases, individuals who require Medical Continuation (MEDCON) orders, and actively work with the Force Support Squadron (FSS) on Incapacitation (INCAP) cases. Undersanding of MHS Genesis.

- Immunizations: Provides oversight of immunization processes and programs. Manages the Immunization Backup Technician (IBT) program
