

SERC Funding

- In 2020 and 2021, due to COVID-19 and travel restrictions, there were no funds dedicated to the SERC Budget outside of the \$5,000 WSEMA conference sponsorship.
- Moving forward, the SERC can submit their budget needs prior to the beginning of the state fiscal year. Due to EMD by March 31. EMD will review and funding amount will be allocated at the beginning of the SFY and reported at the September SERC meeting. Funding of the budget will come from Worker Community Right to Know.
- Because we are halfway through SFY22, if there are financial needs for January – June, please submit budget requests and we will review and confirm a budget for the remainder of the year.
- Budget: Due to no funding allocated to the SERC, the maximum funding available is \$7,000 – which includes \$5,000 for the WSEMA conference.
