Washington State 911 Public Safety Telecommunicator Initial Certification Application - Group

Instructions This application is for those individuals who are employed at a 911 Public Safety Agency, successfully completed training after certification January 2025, have passed a knowledge test and have been approved by their agency to work independently to perform to all standards. This form is intended for agencies that are submitting multiple individuals for initial certification, provided all of those individuals have completed training within the same calendar month. Please complete the below sections AND the supplementary applicant list before submitting the signed application as instructed.

Agency Verification

By signing below, I affirm that:
1. All telecommunicators on the attached list have previously completed all required training to meet the qualifications for the selected certification(s).
2. All telecommunicators on the attached list understand and will comply with all applicable policies and procedures as outlined by the Washington State 911 Certification Program.
3. I understand that our agency has the ultimate responsibility for the certification of our telecommunicators and that the information provided is correct and accurate to the best of my knowledge.

Training Coordinator Signature: _____ Date _____
