

# 2024 Flood Mitigation Assistance (FMA) - Grant Round Results

Following is a list of grant sub-applications that were submitted to FEMA on April 16, 2025. This round was nationally competitive with **\$600 million available nationally**. FMA grants are designed to reduce repetitive flood damage to buildings insured by the National Flood Insurance Program (NFIP).

If selected by FEMA for further consideration, awards can take 12-18 months to be approved and awarded. The Federal share may range between 75%-90% of the Total Project Cost.
