

2024 Flood Mitigation Assistance (FMA) - Grant Round Results

Following is a list of grant sub-applications that were submitted to FEMA on April 16, 2025. This round was nationally competitive with **\$600 million available nationally**. FMA grants are designed to reduce repetitive flood damage to buildings insured by the National Flood Insurance Program (NFIP).

If selected by FEMA for further consideration, awards can take 12-18 months to be approved and awarded. The Federal share may range between 75%-90% of the Total Project Cost.

The following projects were submitted under the FMA-2024 round.

Agency	Application Name	Application Type	Total Project \$	Ranked	Date Awarded
City of Snoqualmie	Floodplain Management Enhancement for Resilience	Plan	\$ 214,003.73	3	Yet to be awarded
