

Water Quality Program

Permit Submittal Electronic Certification

Permittee: WA ST MILITARY DEPT CAMP MURRAY

Permit Number: WAR044203

Site Address: CAMP MURRAY BLDG 36
QUARTERMASTER RD
TACOMA, WA 98430-5054

Submittal Name: MS4 Annual Report Secondary

Version: 1

Due Date: 3/31/2026

Questionnaire

Number	Permit Section	Question	Answer
1	S9.E.5	Attach a map of any jurisdictional boundary changes resulting in an increase or decrease in the Secondary Permittee's geographic area of coverage during the reporting period. (Required annually, S9.E.5)	Not Applicable Comment: WMD is planning to submit a supplemental NOI with an additional facility (Seattle Readiness Center and Vehicle Maintenance Shop) to add to permit coverage. Coordinating with ECY staff to do so. However, this change will take place in 2026, not 2025.
2	S5.A.2	Attach updated annual Stormwater Management Program Plan (SWMP Plan). (S5.A.2)	CampMurray_SWMP_Update_2025MAY_2_02172026094754
3	S9.E.5	If applicable, identify other entities relied on to satisfy any of the obligations under the Permit. (S9.E.4)	Not Applicable
4	S6.D.1.a	Labeled all storm drain inlets owned or operated by the Secondary Permittee that are located in maintenance yards, in parking lots, along sidewalks, and at pedestrian access points. (New Secondary Permittees -Required no later than four years from initial date of permit coverage, S6.D.1.a)	Yes
5	S6.D.1.a	Re-labeled all storm drain inlets with labels when no longer clearly visible and/or easily readable within 90 days. (Required no later than four years from initial date of permit coverage, S6.D.1.a)	Yes
6	S6.D.1.b	(Public ports, colleges, and universities only) Distributed educational information to tenants and residents about the impact of stormwater discharges on receiving waters and steps that can be taken to reduce pollutants in stormwater runoff. (Required no later than three years from initial date of permit coverage, S6.D.1.b)	Not Applicable
7	S6.D.2	Made the annual report and SWMP Plan available on website. (Required no later than May 31, annually, S6.D.2.a. and b.)	Yes

8	S6.D.3.a	Complied with all relevant ordinances, rules, and regulations of the local jurisdiction(s) that govern non-stormwater discharges. (Required after initial date of permit coverage, S6.D.3.a)	Yes
9	S6.D.3.b	Implemented policies to prohibit illicit discharges, and identified enforcement mechanisms. (New Secondary Permittees Required no later than one year from initial date of permit coverage, S6.D.3.b)	Yes
10	S6.D.3.b	Updated policies to prohibit illicit discharges, and identified enforcement mechanisms. (New Secondary Permittees – Required no later than one year from initial date of Permit coverage, S6.D.3.b)	Yes
11	S6.D.3.b	Implemented an enforcement plan to ensure compliance with policies to prohibit illicit discharges. (New Secondary Permittees – Required no later than 18 months from initial date of Permit coverage, S6.D.3.b)	No Comment: WMD will be updating the overarching stormwater management program at all facilities to include improved training and documentation for responsible individuals, completion and documentation of corrective actions, and establishment of lines of authority and responsibility. However, WMD has not presently formulated an official enforcement plan for illicit discharges since the Environmental Programs Office does not have enforcement authority. Part of the upcoming facility SWPPP updates (due September 30, 2026) will include explicit plans for ensuring corrective actions are completed for illicit discharges. These plans will have responsible parties included for corrective actions. WMD has submitted G20 Notice and corrective action plan for this.
12	S6.D.3.c	Developed a map of the storm sewer system showing all known storm drain outfalls, receiving waters, and areas contributing runoff to each outfall. (New Secondary Permittees Required no later than four and one half years from initial date of permit coverage, S6.D.3.c)	Yes

15	S6.D.3.c	Conducted field inspections and visually inspected for illicit discharges at approximately one third of all known MS4 outfalls. (Required no later than two years from initial date of permit coverage, S6.D.3.d)	Yes
16	S6.D.3.d	Implemented procedures to identify and remove illicit discharges. (Required no later than two years from initial date of permit coverage, S6.D.3.d)	Yes Comment: Identified in updated 2025 SWMP (attached)
17	S6.D.3.d	Attach a summary of each illicit discharge discovered and actions taken to eliminate each of the discharges. (S6.D.3.d)	Not Applicable Comment: No illicit discharges noted for reporting period
18	S6.D.3.e	Implemented a spill response plan that includes coordination with a qualified spill responder. (Required no later than four and one-half years from initial date of permit coverage, S6.D.3.e)	Yes
19	S6.D.3.f	Provided staff training or coordinated with existing training to educate staff on proper BMPs for preventing illicit discharges, including spills as described in S6.D.3.f. (Required no later than two years from initial date of permit coverage)	Yes
20	S6.D.4.a	Complied with all relevant ordinances, rules, and regulations of the local jurisdiction(s) that govern construction phase stormwater pollution prevention activities, if applicable. (Required after initial date of permit coverage, S6.D.4.a)	Yes
21	S6.D.4.b	Ensured that all applicable construction projects under the functional control of the Secondary Permittee obtained NPDES permit coverage. (Required after initial date of permit coverage, S6.D.4.b)	Yes
22	S6.D.4.c	Coordinated with local jurisdictions on construction projects owned or operated by other entities that discharge into Secondary Permittee's MS4 as per S6.D.4.c. (Required after initial date of Permit coverage)	Not Applicable
23	S6.D.4.d	Provided training for relevant staff in erosion and sediment control BMPs and requirements, or hired trained contractors to perform the work for all construction projects owned and operated by the Secondary Permittee. (Required after initial date of permit coverage, S6.D.4.d)	Yes
24	S5.D.4.e	Provided access, as requested, for inspection of construction sites under the control of the Secondary Permittee during the land disturbing activity and/or construction period. (Required after initial date of permit coverage, S6.D.4.e)	Yes

25	S6.D.5.a	Complied with all relevant ordinances, rules, and regulations of the local jurisdiction(s) that govern post-construction stormwater pollution prevention activities, including proper operation and maintenance of the MS4. (Required after initial date of permit coverage date, S6.D.5.a)	No Comment: Lack of funding has caused stormwater facility O&M to not be completed in CY2025. As a result, some stormwater infrastructure (e.g., catch basins) has been in need of repair. WMD Environmental staff will continue to advocate for funding priority to fix these issues and coordinate internally to address them. However, no erosion or IDDE concerns have been noted during inspections. WMD has submitted G20 Notice and corrective action plan for this.
26	S6.D.5.b	Coordinated with local jurisdiction regarding projects owned or operated by other entities which discharge into the Secondary Permittee's MS4. (Required after initial date of permit coverage, S6.D.5.b)	Yes
27	S6.D.6.a	Implemented an Operation and Maintenance program. (New Secondary Permittees Required no later than three years from initial date of permit coverage, S6.D.6.a)	Yes
29	S6.D.5.a.i	Established and implemented maintenance standards for stormwater collection and conveyance systems as described in S6.D.6.a.i. (New Secondary Permittees Required no later than three years from initial date of permit coverage, S6.D.6.a.i)	No Comment: Due to lack of funding, maintenance of stormwater systems could not be implemented in CY2025. WMD Environmental staff will continue to advocate for funding for stormwater infrastructure projects and collaborate internally to program projects. WMD has submitted G20 Notice and corrective action plan for this.
30	S6.D.6.a.i	Conducted spot checks of potentially damaged stormwater treatment and flow control BMPs/facilities after major storms. (New Secondary Permittees Required no later than three years from initial date of permit coverage, S6.D.6.a.i)	Yes

31	S6.D.6.a.viii	Developed and implemented a Stormwater Pollution Prevention Plan (SWPP) for material storage areas, heavy equipment maintenance or storage yards not covered by another NPDES permit that authorizes stormwater discharges associated with the activity. (New Secondary Permittees Required no later than three years from initial date of permit coverage, S6.D.6.a.viii)	Yes
32	S6.D.6.b	Have NPDES permit coverage for Industrial Stormwater General Permit for all applicable industrial facilities operated by the Permittee, or another NPDES permit that authorizes surface water discharges associated with the activity. (New Secondary Permittees Required after initial date of permit coverage, S6.D.6.b)	Not Applicable
33	S6.D.6.d	Implemented a program designed to train staff to carry out the Operations and Maintenance plan as described in S6.D.6.d. (Required by three years from initial date of permit coverage)	Yes Comment: Current implemented program is not adequate. As part of SWPPP update (in progress), an improved training program will be developed. This will include updated slides/information and scheduled training dates. However, contractors performing O&M work are already required to be trained, by contract. WMD has submitted G20 Notice and corrective action plan for this.
34	S7	Is there an approved Total Maximum Daily Load (TMDL) applicable to stormwater discharges from a MS4 owned or operated by the Permittee? (S7)	Not Applicable
35	S7	Complied with the specific requirements identified in Appendix 2. (S7.A)	Not Applicable
36	S7	Attach status report of TMDL implementation. (S7.A)	Not Applicable
37	S7.A	Notified Ecology of the failure to comply with the permit terms and conditions within 30 days of becoming aware of the non-compliance. (G20)	No Comment: WMD originally requested more information regarding G20 Notice submittals in order to properly submit them. ECY has since responded and given instructions on how to do so. However, it has been more than 30 days since WMD has become aware of non-compliances. At the time of this submittal, WMD has submitted G20 Notices and corrective action plans to ECY.

38	S7.A	Notified Ecology immediately in cases where the Permittee becomes aware of a discharge into or from the Permittee's MS4 which may constitute a threat to human health, welfare, or the environment. (G3)	Not Applicable Comment: No applicable discharges in CY2025
39	G20	Took appropriate action to correct or minimize discharges into or from the MS4 which could constitute a threat to human health, welfare, or the environment. (G3.A)	Yes
40	S4.F.3.d	If applicable, attached a summary of the status of implementation of any actions taken pursuant to S4.F, and the status of any monitoring, assessment, or evaluation efforts conducted during the reporting period. (S4.F.3.d)	Not Applicable

I certify under penalty of law, that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system or those persons directly responsible for gathering information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
